Who are we?

Venster School of Excellence, a premier Low-Cost Ed-Tech and Professional Skill Development Centre based in Coimbatore, specializes in delivering high-quality career-focused courses that prioritize practical skills needed in real-world jobs. Founded with a mission to bridge the gap between education and employment, Venster is committed to providing industry-aligned training that empowers students, graduates, working professionals, and career-switchers to become truly job-ready.

Why Choose us?

Industry-Grounded Mentors

Learn from certified trainers and active industry professionals who bring real project experience, practical tools, and hiring insights directly into every session.

Flexible, Modern Formats

Balance college, work, and upskilling with weekday, weekend, and fast-track batches offered in offline, online, and hybrid learning modes across South India.

High Value, Low Cost

Access quality, industry-aligned training, certifications, and career support at affordable fees so you can upgrade your income potential without heavy debt.

Career-Focused Ecosystem

Benefit from structured career roadmaps, college partnerships, placement linkage, and continuous mentoring that turn you into an employable, confident professional.

Learn by Doing

Master skills through hands-on labs, live tools, and real-world projects so you graduate with work-ready competence, not just classroom-level knowledge.

Comprehensive

TallyEssential is your complete guide on Business Accounting using the most-in-demand business management software, TallyPrime. By completing this comprehensive course, learners gain valuable skills in Accounts, Finance, and Taxation, making it an ideal program for job seekers, finance professionals, and aspiring Entrepreneurs who want to manage their business efficiently.

Tally Empanelment Code: **S/TN/CBE/384**

Curriculum

Level 1 - Accounting Foundations

Master the foundations of Computerised Accounting, from setting up a company and recording daily transactions to generating critical financial statements and MIS reports.

Level 2 - Inventory & Cash Flow

Gain proficiency in managing business cash flows, handling accounts payable and receivable, and managing the storage and classification of inventory.

Level 3 - Taxation & Compliance

Get step-by-step instructions for mastering GST and TDS compliance, moving books to the next Financial Year, and managing business data effectively.

Who Can Benefit?

Perfectly tailored for students, job seekers pursuing careers in Accounts and Finance, and aspiring Entrepreneurs who want to confidently manage their own business accounting.
